Print Documents On the Go

Apple AirPrint** allows you to print documents, e-mails, Web pages, and photos to your compatible imageCLASS devices from your compatible iPhone®, iPad®, and iPod touch® mobile devices.

Mopria™ Print Service*** allows you to print documents, e-mails, Web pages, and photos to your compatible imageCLASS devices from your compatible Android KitKat 4.4 smartphone or tablet.

With **Canon Mobile Printing***** for iOS and Android, you can print right to your MF200 Series device. With a variety of finishing options and file types available, this app suits both personal and business printing needs.

Canon Mobile Scanning for Business* gives you the ability to scan jobs from your MF200 Series to your compatible iOS or Android device for convenience when on the road and for your backup and distribution needs.

Touch-Panel

Touch-Panel

The black-and-white touch-panel allows for simple navigation through all available features on your MF229dw, MF226dn, or MF216n printer. Additionally, you can customize your home screen to access your most commonly used features quickly and easily.

Tiltable Control Panel

The tilting control panel gives you the ability to see and navigate through the features from the angle that best fits your needs.

Environmentally Conscious

Help reduce your power consumption with the MF200 Series' efficient Energy Saving Mode. The MF200 Series uses approximately 2.3 watts of energy during Energy Saving mode and meets ENERGY STAR® Guidelines for energy efficiency, helping you save money on energy costs.

Generation Green

The MF200 Series is part of Canon's Generation Green Program, which highlights the company's commitment to sustainability. Features such as Eco-Copy, which allows users to combine several pages onto just one page, and Energy Saving Mode, which lowers the amount of energy being used, help to make the MF200 Series more environmentally conscious. * Wireless performance may vary based on terrain and distance between printer and wireless network clients.

** AirPrint functionality requires an iPad, iPad Mini, iPad 2, the new iPad, iPhone 3GS or later, or iPod touch 3rd generation or later device running iOS 4.2 or later, and an AirPrint-enabled printer connected to the same network as your iOS device. A printer connected to the USB port of your Mac, PC, AirPort Base Station, or Time Capsule is not supported.

*** Mopria Print Service, available for free at the Google Play Store, requires a compatible Android KitKat 4.4 smartphone or tablet. The printer must be either wirelessly connected to the network router or with an Ethernet cable. The mobile device and printer must be connected to the same network.

† Print speeds are based on internal testing. Print and copy speeds may vary, depending on the number of copies selected as well as the settings for size, type, and orientation of paper.

†† Based on 20 lb. Bond Paper
